As you may be aware, the EFN LHN Board has engaged LeadersHP's Directors Matt Cesaro and Mia Handshin to facilitate the development of the new Strategic Plan for the LHN, due in draft form by April 2020.

The brief from the Board is that they facilitate a process of strategic planning from the grassroots up, instead of the usual approach to defining strategy from on-high!

They will be undertaking extensive consultation about what needs to go into the Plan, including with local communities, staff, clinicians, doctors, contractors and partner organisations who provide and/or support the delivery of health and hospital services to the consumers of the Eyre and Far North Region. This is our opportunity to be involved in the future direction of our region and highlight the issues we face and our ideas for the future.
